

# Color Selection Chart

## Standard Paint Colors

---

### **ORDERING**

All custom color requests must be submitted as a ***Special Request via the configurator***, to customer service. For questions or additional details please contact your local Qmark/Berko sales representative.

### **ADDITIONAL OFFERING and CUSTOM OFFERING**

Additional custom colors and finishes are available for order, subject to the new paint policy ordering criteria. Please contact your local Qmark/Berko sales representative for additional details. Clear and Bronze Anodized custom colors are available for models DBA/ASL3, SHA/ASL5, and DSH/CSL only. Reference the attached table "Color Offerings By Model" for further identification of which paint colors are available on specific product models.

### **PAINT POLICY**

Marley Engineered Products reserves the right to change or cancel this policy at any time, in its sole discretion without notice.

**Primer:** For applications that require a primer coat, a "Beige" powder coat will be provided as the only standard color. If needed, consult factory for more detailed information.

**Custom Colors:** To minimize the possibility of error when ordering material painted a custom color, a color chip of the custom color must be included with the order. The chip must be a minimum 3"x5" and be the same material as the enclosure of the ordered heater (ie. Steel or Aluminum).

*Note: All colors are approximate - as nearly correct as can be produced by modern commercial printing*

# COLOR OFFERINGS BY MODEL

| Family       | Model             | Standard colors as of 5/1/19 |       |          |        |       | Standard colors prior to 5/1/19 |              |            |           | Custom Colors | Other / Specialty |
|--------------|-------------------|------------------------------|-------|----------|--------|-------|---------------------------------|--------------|------------|-----------|---------------|-------------------|
|              |                   | White                        | Beige | Aluminum | Bronze | Black | Charcoal Gray                   | Navajo White | Desert Tan | Dove Gray |               |                   |
